Dear Friend(s):

Care and Share of Erie County is very grateful to you for your generous contribution. You are the donor - we are the middle distributor.

In our last fiscal year we fed, clothed, provided furniture, bedding and household goods to an accumulative 23,196 residents of Erie County. That is an increase of 12 % over last year. At the present time we are expending \$2,500.00 per week on food alone.

So, you are to fully appreciate that you are the principle partner in our great work. Please continue your very gracious support which is so needed and appreciated. Please share these matters with others and encourage them to contribute. For the multitudes of disadvantaged we send their "thank yous".

God Bless

Dan Ward  
Executive Director
