Dear Friends,

Thank you for your generous gift of \$80.00 to make the cleaner-burning Justa stove available to families in rural Honduras.

Your special gift has gone in its entirety to this important project, which is benefiting children and their families in so many ways.

Health -- The whole family is living a much healthier life. A smoke-filled home hurts everybody, and affects the growth of children.

Environment -- Less trees are killed in this already heavily deforested country.

Family livelihood -- Families who had no choice but to buy their firewood are saving needed revenue.

Health education -- It's part of getting a stove. We teach young mothers to teach other mothers about the dangers of wood smoke and how to build and maintain their stoves.

Your gift has made this possible. I hope you know how grateful we are for your important generosity. You can imagine how grateful these families are!

Once again, thank you for your generous and continuing support.

Sincerely,

W. Ahuma Adodoadji
President/CEO
