

June 5, 2007

Mr. Larry Windau  
Kiwanis Club of Sandusky.  
Sandusky, Ohio 44870

Dear Mr. Windau:

The Sandusky Library Children's Services wishes to thank you and your club for the generous donation of \$200.00 toward our Summer Reading Programs. Over 1200 children and adults participate in this event. This year our theme is "Get Your Prints on a Good Book". During this six week event, we will hold 126 programs for children from birth through high school. We are using your special donation partly for a magician who is bringing a program in about the magical mystical world of books. He gets our area children exciting about reading. This helps to keep their skills strong over the summer. Many teachers in our system ask us to provide as many programs like this as possible as many children, if not using these skills, forget what they learned over the summer. Another portion of the money will be used for supplies and programs for the toddler age. This is the age we hope to really draw the children to the library and make them life long readers. It is through generous donations like your club, that we are able to provide the extra special events for our area's young patrons of all economic backgrounds. Thank you again.

Sincerely,  
Cathy Krumholtz  
Children's Librarian
